

Chesapeake

Natural Gas.

Natural Advantages.

Operations Department

To whom it may concern,

Blackgold services has painted tank batteries and associated production equipment on over a hundred leases that I have been in charge of at Chesapeake and with my previous employment at Vernon E Faulconer. I have used Blackgold services for more than 6 years now.

I have always been pleased with the quality of the work and their commitment to doing a first rate job. Blackgold has always backed their work to 100% satisfaction. They do their work timely and are very competitive. Additionally, they use quality paint and supplies to insure extended life of the paint.

I would highly recommend Blackgold services for any oilfield painting needs.

Thanks,

Robert Bradley
